Swimmers using your pool are your responsibility. Visit <http://imperialpools.com/pool-safety-program> for understanding of safety practices and rules pertaining to the use of inground pools.

Don't allow diving or jumping in your pool. Remember, alcohol consumption and swimming do not mix. Carefully supervise all the swimmers in your pool, especially small children. They're your responsibility. Always secure your pool from unauthorized use. Make sure signs, stickers and labels are posted and clearly visible and that rescue devices, such as life rings or ropes are nearby.

Read the Association of Pool and Spa Professionals' excellent brochure, "The Sensible Way To Enjoy Your Inground Pool", to learn how to avoid swimming related accidents.

Any recreational activity that involves water poses a risk of personal injury. Swimming in an inground pool is no exception. Your awareness and understanding of safety practices and rules pertaining to the use of inground pools can reduce the risk of serious injury.

Your pool can give you, your family and guests many years of fun and relaxation. Take the responsibility for safety.

SAFETY

Liner colors in this brochure are representational of actual material and slight variations in color may occur. Due to the nature of vinyl film and various pool angles, the likelihood of geometric floor tiles aligning is improbable. Please contact Certified Legacy Builder for actual pattern samples.

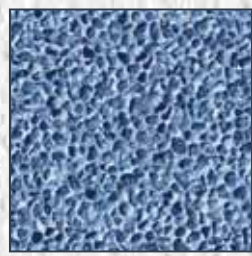

Also, ask your Certified Legacy Builder about the Liner Guard Warranty for even more comprehensive coverage.

Our Legacy Edition Pool finishes carry 20 years of proven coverage with the first 5 years covered in full, placing it among the best in the industry.

COLORS OF THE SEA GUIDE

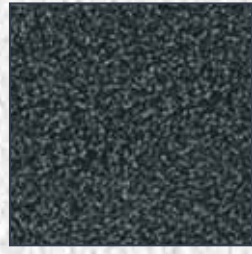

Our new pool interiors turn your backyard into waterfront property. Enjoy the soothing seascape of your choice, from island light blue to dramatic navy hues.

Caribbean – A light, aqua island blue makes every swim feel like a tropical beach experience in shallow waters. Picture yourself swimming with exotic tropical fish on a coral reef in a far-off land... That far-off land is your backyard.

Mediterranean – The warmth of this medium-blue shade places you in radiant waters off mythical, ancient shores. You see lost cities and artifacts that fascinate and inspire. You say to yourself, "I wish I could stay here forever." And now you can.

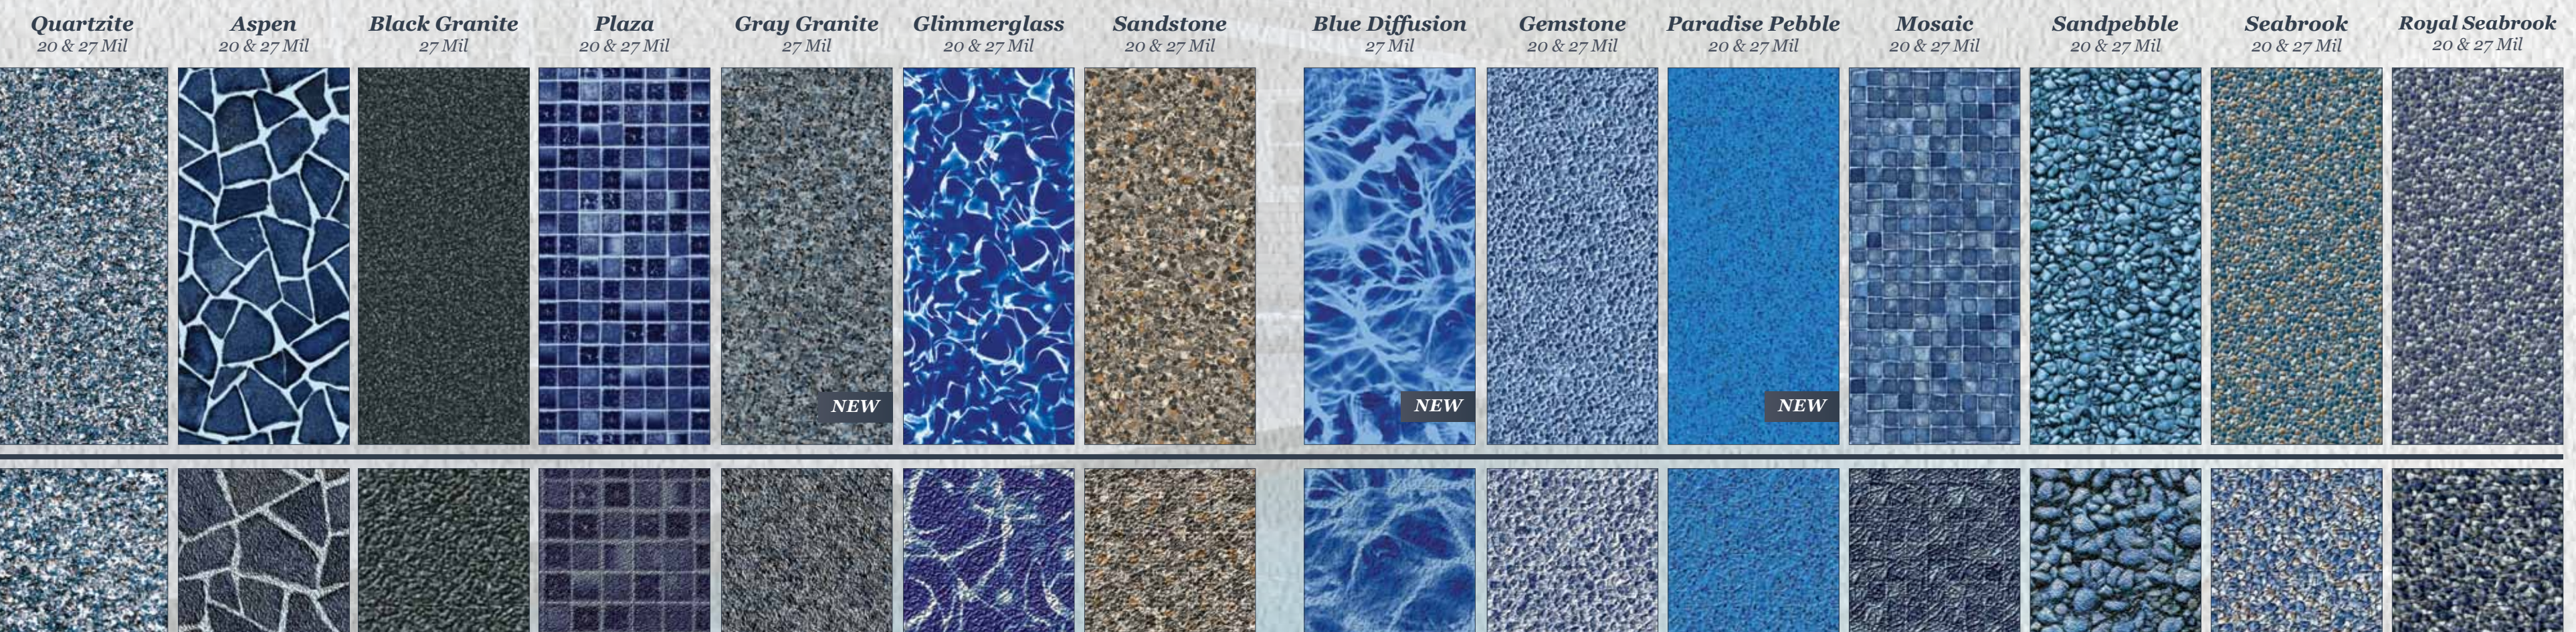

Caspian – A dark sapphire shade brings depth and drama to your pool, creating an ambience of swimming in the world's deepest waters. Imagine somewhere below rests a sunken ship carrying massive treasures...and that every swim brings the promise of a new priceless adventure.

BORDERLESS PATTERNS

Not all tastes or hardscapes are the same. Occasionally a pool interior demands a pattern without a tile design. You can choose an overall floor pattern that extends completely up the sidewall to meet the coping or deck.

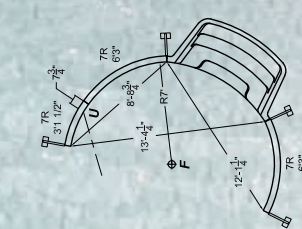

IMPRESSIONS - 27 MIL

For our stairs, benches, cuddle coves, and all pool entry systems, we offer our exclusive Impressions textured print designs. We use durable 27 mil material and advanced methods of heat and pressure to give your vinyl-covered stairs slip-resisting qualities and a cohesive, seamless look.*

*Impressions material hue may vary slightly in appearance.
