One of the most important features of your pool is its interior surface, which is why we offer finishes that provide upscale beauty and peace of mind for years to come. **Our Interior Pool Finishes™ are soft to the touch, resistant to ultraviolet rays and bacterial growth, and custom-manufactured for an exact fit.** They are also far easier to clean than other surfaces, meaning less time working on your pool, and more time swimming in it!

---

**TRUEDGE™**

Our **TRUEDGE™** design technology enhances the visual appeal of your pool by eliminating the unnatural line of color at the top edge of most Interior Pool Finishes™, giving your sidewall the true look of tiling craftsmanship.

The pool pictures and videos in this brochure have been computer generated. Pool shapes and features may not be 100% accurate. The interior finishes have been enhanced to give the viewer a general feel of how a chosen pattern may look in the pool.
STYLE & COLOR SELECTION GUIDE

Your Decor Options

Classic: Pages 11 - 15
The classic design originated from the European culture. The Greek and the Roman are the main inspirations of the classic design. Very elegant and ornate; the classic design never goes out of style!

Geometric: Pages 16 - 23
A geometric pattern is linear, consisting of geometric figures, such as triangles, rectangles, circles and squares. Geometric patterns are found in many places, including art and architecture, and they tend to be symmetrical. This creates a very clean, simple and sophisticated look.

Contemporary: Pages 24 - 29
Contemporary design is rooted in the moment, as in this moment, the here and now. Smooth flowing profiles instead of ornamentation. A strong emphasis on line and form — two essentials of good design — gives contemporary style its energy.

Water Color
Look for our water color guide below each pattern

Aqua
With color hues that will remind you of the Caribbean as the sand descends into the blue waters below your feet.

Light
A light blue that turns your pool into a tropical beach paradise.

Medium
Temperate medium blue shades transport you to lands and antiquities half a world away.

Dark
A dark sapphire hue whisks you away to the ocean's deepest waters, inviting you to explore all of the riches below its surface.

NOTE: This Water Color Guide is designed to give you an indication of the waters hue based on the interior finish you desire. However, the hue is subjective due to natural sunlight and the surrounding landscape which will affect the water color. Consult your dealer to choose the interior pool finish that will give you the results you are looking for.
**PERFECT SEAM® TECHNOLOGY & BEAD COLOR**

*Perfection is improving something until it is as flawless as possible.*

We have invested in state-of-the-art manufacturing equipment and combined it with time tested sealing methods. This allows us to make an interior pool finish that is as flawless as possible with seams that are less noticeable, strong and water tight!

Our Interior Pool Finishes™ are the finest made in the market today.

Each of our interior finishes has a bead color companion. For your convenience we’ve noted bead colors next to each pattern.
Pearluster™ is an additional topcoat that gives your pool’s interior finish a mother-of-pearl luminance that actually shimmers as it basks in the sun’s light. This is the latest in interior pool finish technology. We have 3 Pearluster™ Interior Finishes™ for you to choose from. All beautifully designed for your swimming pleasure.

VINYL WORKS INTERIOR FINISHES™ COLLECTION
& WATER COLOR GUIDE

The Interior Finishes™ in this brochure are representational of actual material but are not an exact match. Always ask your dealer to see an actual sample of the Interior Finish™ you choose to make certain it meets your expectation.

Due to the nature of the material, and various pool angles, it is improbable that floor tiles or pattern repeats will align. This Water Color Guide is designed to give you an indication of the waters hue based on the interior finish you desire. However, the hue is subjective due to natural sunlight and the surrounding landscape which will affect the water color. Consult your dealer to choose the interior pool finish that will give you the results you are looking for.

BORDERLESS PATTERNS: No interest in a tile design? No problem! Your floor pattern can extend all the way up the sidewall. The choice is yours!

IMPRESSIONS - 27 MIL: For your pool entry system, we offer “Impressions,” a textured slip-resistant print design built for added comfort and safety to this high-traffic area.*

*Impressions material hue may vary slightly in appearance.

SAFETY
Your pool can give you, your family and guests many years of fun and relaxation. Take the responsibility for safety.

Any recreational activity that involves water poses a risk of personal injury. Swimming in an inground pool is no exception. Your awareness and understanding of safety practices and rules pertaining to the use of inground pools can reduce the risk of serious injury.

Read the Pool & Hot Tub Alliance’s excellent brochure, “The Sensible Way To Enjoy Your Inground Pool”, to learn how to avoid swimming related accidents.

Don’t allow diving or jumping in your pool. Remember, alcohol consumption and swimming do not mix. Carefully supervise all the swimmers in your pool, especially small children. They’re your responsibility. Always secure your pool from unsupervised and unauthorized use. Make sure signs, stickers and labels are posted and clearly visible and that rescue devices, such as life rings or ropes are nearby.
